HB0203 Local Option Distribution Formula for the Distribution of the Local Option Sales and Use Tax (*Rep. S. Wyatt*) (**Sen.**) *ado/pvd*

This bill amends the Local Sales and Use Tax Act to provide certain qualifying counties and municipalities options relating to the distribution of revenue from this local sales and use tax.

This bill:

- ▶ establishes a procedure for a qualifying county, and a two-thirds majority of the municipalities within a qualifying county, or, for a qualifying county with less than seven municipalities within the county, all of the municipalities within the qualifying county, to agree to an alternate distribution formula for certain local option sales and use tax revenues within the incorporated and unincorporated area of the qualifying county;
- ▶ provides that an agreement must be approved by a majority vote of the voters in the incorporated and unincorporated area of the qualifying county;
- ▶ provides requirements relating to an election for a vote required by this bill;
- ▶ provides that if the incorporated and unincorporated areas of a qualifying county adopt an alternate distribution formula described in this bill, the revenue normally paid to each municipality and qualifying county:
 - will be paid to the qualifying county; and
 - will be distributed by the qualifying county in accordance with the adopted alternate distribution formula;
- ▶ establishes requirements for an alternate distribution formula and a written agreement relating to the formula;
- ▶ establishes requirements relating to the distribution of the local option sales and use tax revenue under this bill;
- ▶ provides that, notwithstanding an alternate distribution formula adopted under this bill, a qualifying county or municipality to which the alternate distribution formula applies may not receive less revenue than it received during the same month of the year before the alternate distribution formula was adopted;
- ▶ provides an exception to the preceding paragraph by requiring that if the total distribution to the qualifying county and municipalities to which the alternate distribution formula applies is less than the total distribution received during the same month of the year before the alternate distribution formula was adopted, the distribution to the qualifying county and each municipality within the qualifying county will be proportionally reduced;
- ▶ establishes a procedure for a qualifying county, and a two-thirds majority of the municipalities within a qualifying county, or, for a qualifying county with less than seven municipalities within the qualifying county, all of the municipalities within the qualifying county, to reinstate the local option sales and use tax revenue distribution formula that applies to counties and municipalities that have not adopted an alternate distribution formula under this bill;
